

## UI-1 DOM Form Update

---

**The IDES UI-1 DOM Report to Determine Liability for Domestic Employment form has been eliminated.**

**To complete your registration as a Domestic Employer, you should now use the IDES REG-UI-1 Report to Determine Liability Under the Unemployment Insurance Act form.**

**You can access the form online through MyTax Illinois at <http://mytax.illinois.gov>. Click on the “Businesses” tab and then the “Register a new business (Form REG-1)” link. Or click here to retrieve a paper copy of the [REG-UI-1](#) form.**

**Once you have established your employer account, you can also use MyTax Illinois to complete all your unemployment insurance tax processing needs. Again, simply log on to the MyTax Illinois website at <http://mytax.illinois.gov>.**

Some of the other features that are available online at MyTax Illinois:

- ✓ Submit your quarterly contribution and wage reports
- ✓ Make all your payments easily and safely
- ✓ View your tax letters and correspondence
- ✓ Request interest and penalty waivers
- ✓ View your new annual tax rates
- ✓ Maintain Power of Attorney relationships

*and much more...*
